

Hit Us Up for Some Networking

Get out on a Tuesday night and have some fun! If you've already been to Topgolf, you've enjoyed the games, the food and one of the private lounge areas in the heated bays. If you haven't been before, now you know what you've been missing.

Join ASQ Denver for a FREE members-only night out at Topgolf on November 13th. Not even putt-putt experience is needed to get into the action. The built-in games keep it entertaining for the whole group and keep it interesting for the golfers in the crowd. There are clubs in each bay. Hit the microchipped balls into targets that resemble giant dartboards. The results are recorded by the game system and

displayed in the bay.

Why network with other ASQ Denver section members? Quality professionals can be isolated in their workplaces, lacking true colleagues among their co-workers. ASQ members can share similar industries and experiences that led them to quality. We can also appreciate similar challenges despite differences in industry. Your local ASQ section provides a bridge between the global ASQ community and the individual member.

RSVP right away at events@asq1300.org as space is limited and filling up fast. See the events page on our website for more details.

Making It Happen

Be a part of the team that makes member value happen at the local level. The ASQ Denver Leadership Team gets together in December to work on the coming year's events and leadership team. Join us for this invitation-only event on December 11th.

Currently, most of the members of your leadership team hold multiple positions. Many of the leadership positions can also support more than one person, leaving a lot of room for our team to grow. Check out the "Local Leadership" page under the "About" tab on our website to see the different roles on the team.

You earn recertification credits for being a member leader. The Denver Section leadership team typically enjoys attending section events. In return, the leadership team meets once a month, usually online, with an occasional meeting in person. Special training is available to member leaders as well.

To attend the planning event, you must choose at least one position that interests you. Send an email to events@asq1300.org with your selection. Please select a specific leadership role. Space for the event is extremely limited.

Helping Wanted

Your ASQ Denver section would like to offer at least four Social Responsibility volunteer events each year. These events allow our members to meet fellow section members and their families. There's usually a chance for networking and getting to know one another. It is a chance for us to give back to our community. And it's a chance for you to earn RUs.

If you know of any volunteer opportunities that you'd like the section to consider, reach out to us. We are looking for events that could be held on a week night, during our typical meeting time. We have also had success with weekend events. You can email events@asq1300.org or info@asq1300.org with suggestions.

Look for more information about these and other great events on our website: www.asq1300.org.
